Aviv Navot

Product & Visual Designer

I design digital products from early research through UX, UI and visual language, creating experiences that feel alive and memorable. I graduated with honors in Visual Communication from Shenkar Handesaim, and my role as a senior IDF instructor strengthened my leadership, teamwork and communication in dynamic environments. I believe great design balances precision, emotion and creativity.

Claude Code	Lovable

LANGUAGES

Hebrew - Native
English - Fluent

EDUCATION

2024–2026 | Shenkar Handesaim | Visual Communication
Certificate of Excellence in both years
Focused on Product Design, UX/UI, Branding & Visual Design

2017–2020 | Hayovel High School
Full matriculation, awarded for academic excellence in all 3 years
Advanced level (5 units) in Dance Studies and Biology

SELECTED PROJECTS

Pinch | Product Design, UX/UI & Branding
Graduation project, awarded Best Exhibition. An AI cooking platform built around Israeli chefs. I interviewed chef Assaf Granit and turned it into an AI conversation flow with Claude, designed the UX, UI and brand, and explored the landing page in Lovable, then designed it in Figma.

Kiddoz | Product Design & UX/UI
A team project helping parents find activities for kids aged 3–10 based on location, budget and preferences. I led the concept and ideation, and co-designed the UX/UI and visual language.

Blume & Co | Branding & Digital Design
Branding for a floral and lifestyle boutique: logo, color palette, AI-generated imagery and brand applications, plus a delivery app with catalog, favorites, order tracking and checkout.

WORK EXPERIENCE

2025–Present | Hostess | Nammos Restaurant

2022–2025 | Freelance Graphic & Brand Designer
Designed logos, brand identities and print materials for private clients.

2022–2024 | Medical Secretary | Dr. Israel Hendler

MILITARY SERVICE

2020–2022 | Artillery Instructor, MLRS | IDF
Trained soldiers to operate launch and fire-control systems, in class and in the field. Promoted to Senior Instructor in November 2020: managed the department, planned and assigned training, coordinated schedules and worked closely with senior commanders and officers.

Base Commander's Award of Excellence | September 2021
